To Whom it may Concern:

My name's Nathaniel Smart. I work at Kaplan House along with Mr. Steve Samuels. I have known him for two years and have found him to be a dedicated and hard worker. He has on many occasions gone beyond the call of duty. He works well with the young men in our program. On a number of occasions he's provided counseling to our clients on a number of issues. He is well liked by his peers and our clients. His presence has been missed and we all wish him well.
